Product ID: VCLVTACG750 - Wall mounted flying insect trap

V-tac® 750 is a unique and innovative wall mounted flying insect trap suitable for use in a wide variety of locations, particularly those in which aesthetics are an important consideration.

V-tac® fly traps attract flying insects by emitting UV light at 350 nanometres, the optimum wavelength for insect attraction. Attracted into the V-tac® unit insects are entrapped on a glueboard discreetly hidden within it.

The glueboard is easily accessible and is quick and easy to change.

Features:

Attractive stylish design

Wall mounted - designed for easy installation

Easily maintained

3-year guarantee against defects in parts and workmanship
