Hand Dryers by Major Brands Manufacturers

The major manufacturers models of hand dryers such as: Xlerator, Medclinics, Dyson, Blast, Z-series, Ultradry, Veltia, World Dryer

Hands In

Innovative designs, perfect for any modern establishment. The popular Dyson Airblade design has been copied and some may say even rivalled. As a result there's a 'hands in' model available to suit all budgets, requirements and specifications.

New Generation - Fast Hand Dryers

All of our New Generation super fast hand dryers under one section - why are these units 'new Generation'? Its simple, its because they are faster and cheaper to run than conventional dryers.

HIGH SPEED & LOW ENERGY

Unheated and Energy Efficient

Awareness and protection of our environment is becoming increasingly important to business and as a result hand dryer manufactures have had to invest in the development of technology that combines high-speed drying with the minimal electrical consumption. This range of hand dryers provides you with just that!

Super-fast...

Mediclinics Machflow Hand Dryers

Machflow is the fastest, intelligent, eco-friendly and powerful hand dryer available in the market, with a maximum speed of 325 km/h and amazing low noise level only 68 – 75 dB. The Machflow will dry hands in only 8 to 12 seconds.
